Houston, TX 77079-2702
Fax: 281-558-6484

Dr. Eva Boldridge Izu is a specialist in the field of prosthodontics and maxillofacial prosthodontics. She received her dental degree from the Medical University of South Carolina, her certificate of prosthodontics from the University of Alabama at Birmingham, and her certificate of maxillofacial prosthodontics and dental oncology from M.D. Anderson Cancer Center. Dr. Izu is a member of the American College of Prosthodontics, the Charles A. George Dental Society, and the Houston Asian Dental Society.

A prosthodontist is a dentist who has an additional two to three years of training in advanced dental restorations. During that time, Dr. Izu became proficient in the arts of aesthetic dentistry, dental implants, extensive crown & bridge work, full mouth rehabilitations, partials, and dentures. In addition, Dr. Izu also treats patients with special oral needs who are currently, or have undergone cancer treatment.

Dr. Izu believes in making a beautiful, healthy smile for her patients. In certain situations, Dr. Izu will work with other physicians and dental specialists to achieve the most optimal treatment for her patients.

Your first appointment with Dr. Izu will be a consultation exam. During this exam, diagnostic procedures will be done (oral evaluation, molds of your mouth, bite records, x-rays, and photos). If you have recent x-rays (within the last 3-6 months), Dr. Izu will work with your dentist to have a copy sent to her.

For the referring doctor: please fill out this form, and fax a copy to Dr. Izu. You can send the original with your patient.

Thank you for your referral. In order to treat your patient we need just a little information:

Referring Dentist/Physician: _____

Referring Dentist/Physician Phone Number: _____

Patient name: _____

Referral for: _____
